816F/QT	1 Quart (946 ml)	12
816F/GAL	1 Gallon (3.8 liter)	4
816F/5GAL	5 Gallons (19 liter)	1
816F/55GAL	55 Gallons (209 liter)	1

DESCRIPTION

Bufsol Cleaner is specially formulated to act as a CFC-free but very aggressive solvent, developed for cleaning surfaces in the rubber fabrication and splicing industry. Bufsol leaves a contaminate free surface with no oily residue for optimal adhesion.

RECOMMENDED USE

Bufsol is an all purpose cleaner that can be used on all rubber, metal, fiberglass and plastic. Apply Bufsol to the desired surface and wipe with a clean, lint-free cloth or use a rubber scraper before texturizing. If using Bufsol after texturizing, allow 3- 5 minutes drying time before applying adhesive.

Atomizer Refillable Sprayer

Saves money and reduces waste.
